What We Do

At the heart of Daylight is a simple idea. We combine light quality, ergonomics and design to create the perfect magnifying lamp for your task.

Our highly functional products make a real difference by ensuring you have the best light to see every detail and colour, when it matters. Our inspiration comes from our customers and we love hearing how our lamps have enabled them to work more precisely, accurately and creatively.

Bring daylight indoors with our beautifully designed, high-performance products. We hope you love your Daylight magnifying lamp as much as we do.

About Us

WE CREATE LIGHTING
FOR MAKING

Whether you're stitching, quilting, painting or crafting, seeing every colour and detail clearly makes all the difference. Our lamps are thoughtfully designed around the way makers work, combining high-quality light with practical, flexible design so you can focus on creating.
