

DuoNeck Go™

E95001

PORTABLE NECK LIGHT

Fact Sheet

daylight

when light matters

A portable neck light with twin adjustable lamp heads that ensure bright, even task lighting between two light modes – floodlight and spotlight. Switch between 3 colour temperatures and a memory dimming function that retains your light settings. Our flexible design and a U-shaped neck rest promotes optimum comfort for longer periods, and also boasts a long-lasting battery life of up to 8 hours on the brightest setting.
