WELCOME TO DAYLIGHT

Our range of lamps and magnifiers have been specifically designed for the needs of health and beauty professionals so you can see every hair, shade or lash with clarity and comfort and illuminate your area of work without shadows.

We craft our products to ensure the light they emit resembles natural daylight as much as possible. The brightness is optimised for colour tone differentiation, the light is diffused equally and our lamps can be positioned effortlessly. Our inspiration comes from our customers and we love hearing how our lamps have enabled them to work more precisely, accurately and creatively.

Bring daylight indoors with our beautifully designed, high-performance products. We hope you love your Daylight lamp as much as we do.

Quadra Magnifier (25120)

Enjoy an extra wide rectangular glass lens for a focused and panoramic view.

High power LEDs on both sides of the 3 dioptres (1.75X) magnification lens give your work shadow-free magnification, and each side of lights can be independently switched on or off to give 3 dimensional viewing. Position the magnifying lamp accurately and consistently with Quadra’s heavy-duty arm and internal springs. Optional 12 dioptres (4.0X) swing arm lens or suction lens available separately.

Features

- Rectangular glass lens: 20.3 X 12.7 cm (8" X 5")
- Independent right and left switches
- Adjustable head joint with wing nut
- Auto-switch off after 9 hours
- Long reach 118 cm (46.5")
- 4 brightness levels

Compatible with Professional Floorstand – White (53060)
Compatible with Xtra lens 12D mounted on a swing arm (62002)
The Omega 7 is a modern, ergonomically designed magnifying lamp.

A large 17.5 cm, 3 dioptres (1.75X), lightweight acrylic lens is combined with high power LEDs with 4 brightness levels for clear viewing. The internal spring arm allows for accurate positioning and lateral protections enable easy cleaning. Enjoy an aesthetically pleasing white and grey finish to fit perfectly in your professional environment.

Features
- Acrylic lens 17.5 cm (7") with anti-scratch coating
- Lens magnification: 3 dioptres (1.75X)
- Covered arms with internal springs
- Adjustable head joint with wing nut
- 4 Brightness levels
- Long reach 118 cm

Compatible with Professional Floorstand - White [53060]
Compatible with Xtra-Lens 5D [62001]
Compatible with Xtra-lens 12D [62002]
Compatible with Xtra-lens 4D and 6D [62003]

814 Lumens
95,000 Life hours
17W Energy consumption
Powerful and adaptable, the Omega 5 Magnifier comes with a 3 dioptres (1.75X) magnification and an additional 5 dioptres (2.25X) lens so you can switch the lens to suit your task. Adjust brightness to your needs with 4 brightness settings and enjoy an aesthetically pleasing white and grey finish to fit perfectly in your professional environment.

**Features**

- 3 dioptres (1.75X) and 5 dioptres (2.25X) lenses included
- Adjustable head joint with wing nut
- Glass Lens Ø 12.7 cm (5”)
- Long reach 106 cm (42”)
- 4 brightness levels

Compatible with Professional Floorstand - White (53060)
Closely inspect your area of work with optimum illumination using this compact and lightweight magnifying light. Bright daylight LEDs circle the lens and are easily adapted to different tasks with a choice of 4 brightness levels. Smoothly position the 9cm lens with 5 dioptres (2.25X) magnification exactly where needed using the adjustable arm and rotating head joint. Flexible and functional, enjoy a quick and hygienic clean-up thanks to the silicon covered arm.

### Omega 3.5 Magnifier (25500)

**Perfect your pedicures with this portable, powerful and durable magnifier**

- 9cm (3.5”) acrylic lens
- Lens magnification: 5 Dioptres (2.25X)
- Lens cover included
- Long reach arm 75cm (30”) with two flexible sections
- Comes with carry bag
- Removable, slim profile clamp

**Features**

- 50,000 Life hours
- 6.5W Energy consumption
- 7,000 Lux
- 50,000 Lumens
- 6.5W Energy consumption
- 6.5W Energy consumption
- 15cm/6”

**Carry-bag with shoulder strap included**

**4 brightness levels**

**Flexible, long reach arm**

**Removable, slim profile clamp**
Handy for a range of detailed tasks, the height of this magnifying lamp is easily adjustable.

Work or read details comfortably and without fatigue and use the daylight LEDs to differentiate colour easily. Benefit from uninterrupted, close-up work using the large, semi-rimless 1.75X magnifying lens.

Features

- Height adjustable, can be used as a floor or table lamp
- Large 5 ¾” (1.75X) semi-rimless lens with 1.75X magnification
- Maximum height: Floor Lamp 50” and Table Lamp 20”
- Daylight LEDs provide true color matching
- Colour temperature: 6,000 K

Features

- 432 Lumens
- 50,000 Life hours
- 5W Energy consumption
- 15cm/6” semi-rimless lens
- Daylight LEDs provide true color matching
- Floor lamp (with 2 different height options) as well as a table lamp

Magnificent Floor and Table Magnifier (25050)
With an 8 dioptres (3X) magnification lens and 3 bright daylight LEDs, the YoYo Magnifier can be easily transported for detailed work and accurate colour tone differentiation.

Features
- Compact foldable pocket LED magnifier
- 5.5cm (2.16”) lens - Magnification 8D (3.0X)
- Ideal to use when out and about
- Comes with a wrist strap
- Requires 3 x AAA batteries (not included)
Clip this magnifying arm onto the Slimline lamp stem for a sturdy tool for detailed work. The 13cm rimless diameter lens gives 1.75X magnification (3 dioptres) and its flexible arm allows for easy positioning. Use the Slimline Magnifying Arm to focus on intricate parts of your work without eye strain.

**Slimline magnifying arm [91707]**

**Turn your Slimline into a strong magnifier**
